AA IMPEX

Company profile

Company profile

AA IMPEX is a professional manufacturer and supplier of packaging components, specializing in injection molding and the production of spray pumps, lotion pumps, foundation pumps, trigger sprayers, press caps, and related accessories. We are committed to delivering reliable quality, practical design, and customer-focused service for cosmetic, personal care, and household packaging applications.

Our spray pump range includes 18mm, 20mm, 24mm, 25mm, and 28mm sizes, available in transparent, milky, and black color options. We focus on consistent quality, smooth dispensing performance, and durable construction suitable for a wide range of packaging requirements.

Our lotion pump line includes 24mm models in 1/24, 2/24, 3/24, 5/24, and 6/24, as well as 28mm models in 1/28, 2/28, 3/28, 4/28, 5/28, and 6/28. These are available in transparent, milky, and black colors, offering dependable performance for different viscosity levels and product applications.

We also provide foundation pumps in transparent, milky, and black colors, along with crystal foundation caps. Our A Trigger range is available in white/blue, white/red, milky, and black color combinations, while B Trigger models are offered in five color options. In addition, we manufacture press caps and also develop products on order according to customer specifications.

AA IMPEX also imports selected packaging products from China, including serum bottles, serum jars, and other related items. We can source additional products on demand according to customer needs.

With a strong focus on quality, customization, and dependable supply, AA IMPEX aims to build long-term business relationships through professional service and competitive solutions.
